

12V DEEP CYCLE BATTERIES LIMITED WARRANTY

Antigravity Batteries LLC warrants to the ORIGINAL PURCHASER ONLY that our Deep Cycle Batteries are free of defects in material and workmanship for the Prorated term of 10 years, or 2000 battery cycles, whichever comes first. Note that a full battery cycle is determined by a fully discharged Antigravity Battery (down to 10% of its gross capacity) and charged to 100%. The 10-year limited warranty period assumes no more than one full cycle per 24hr period. This will encompass an 8 year Direct Replacement period, with the final 2 years being prorated. All batteries must be registered within the first 30 days from the Original Purchase Date or Original Purchaser must provide a copy of the Original Receipt in order to be eligible for a warranty claim. Only the Original Purchaser will have the Warranty Coverage and Warranties are non-transferable. Returns will only be accepted from the Original Purchaser. The Applicable Warranty Period begins from the date of purchase with Original receipt.

WARRANTY DOES NOT COVER THE FOLLOWING PHYSICAL and INSTALLATION ISSUES:

- Any physical damage caused by abuse, misuse, impact, collision, incorrect connections, improper installations, improper maintenance, or neglect
- Opening, tampering with, or modifying any part of the battery or its parts, or if security seal has been altered in any way or broken
- Environmental damage such as improper storage conditions or exposure to extreme temperatures or conditions such as fire or freezing, or water damage. (See the User Manual for specifications on storage and operation)

- Parasitic drains that discharge the battery to below 9.8v
