

Dear Prospective Reseller,

Thank you for your interest in becoming a Reseller of Antigravity Batteries Products. As an Authorized Reseller, we consider you to be a valuable partner and desire to assist you in promoting our products for our mutual success. We offer training for your staff and immediate tech responses should you call us. We are glad to provide Marketing displays such as Countertop displays or Banners, as well as images and other digital assets for you to download for your marketing efforts or website. We will also assist to promote your specific website or storefront on our Social Media Platforms.

In order to maintain the long-term value of our brand and products, it is necessary that Antigravity Batteries and our Authorized Resellers make sure to adhere to certain practices we set forth.

1. The Antigravity Batteries MAP MUST be adhered to. Our Minimum Advertised Price Policy is strictly enforced; please review carefully, and sign.
2. Inactive Accounts without orders over the course of several months may be discontinued at our discretion.
3. **RESELLERS ARE NOT ALLOWED to sell on any 3rd Party platforms such as Amazon or eBay.** This is to protect the Reseller and Antigravity from unfair pricing tactics we find on these platforms.
4. Resellers must display/offer our products on their websites or in their brick-and-mortar store for sale, and actively promote the products as for sale items, either by being on the website or having them visible within their store.
5. Antigravity Batteries will handle all Warranty claims rapidly, but the Reseller should fully understand our Warranty, and provide Customers with the details of what is warranted and how to go about contacting Antigravity Batteries. In most all cases we prefer the Reseller to have the Customer contact us directly. This keeps the Reseller from being directly involved in Warranty efforts being they do not have the proper equipment to test batteries or make a determination on the warranty claim.

To Open a Reseller Account we need the following items. You must also read, understand and sign certain documents such as our MAP Policy and Terms.

1. Reseller Application
2. Buy-In Order
3. MAP Policy
4. Resale Certificate from your jurisdiction

Buy-In Orders require the minimums set forth below. Please contact us if your situation requires to be reviewed differently; we will find a way to assist you.

- **Automotive Battery Resellers:**
a minimum buy-in of 4 batteries, any models/sizes.
- **Powersports Resellers:**
a minimum of 5 Powersports Batteries, or 4 Powersports Batteries and 2 Micro-Starts (any models).

We must receive the items listed above before your Application can be considered and/or processed. If any of the items are missing, your application will not be processed in a timely manner.

Please contact us at (310)527-2330 if you have any questions.

Completed application should be emailed to: sales@antigravitybatteries.com

Terms of Sale and Shipping

1. Exclusive Terms

All orders, whether through the catalog, website or otherwise, shall be governed by the following terms and conditions. These terms and conditions shall constitute the complete Agreement between the purchaser of the goods (herein called 'Buyer') and Antigravity Batteries (herein "Seller") and shall supersede all prior and contemporaneous oral and written statements of any kind whatsoever made by the parties and their representatives.

2. Acceptance

Buyers orders shall not constitute contracts of sale unless accepted in writing by an authorized agent of Seller at its home office in Gardena, California. Seller's acceptance of any order is expressly conditioned upon Buyer's assent to the terms and conditions contained in this Agreement. Any added, varied, or conflicting terms in Buyer's Purchase Order or elsewhere are hereby objected to and shall not bind Seller, unless expressly agreed to in writing signed at Seller's home office in Los Angeles, California by a duly authorized officer of Seller in a document making specific reference to this Agreement and specifically stating that it 'amends' this Agreement. Buyer shall notify Seller in writing, as soon as practicable after receipt of Seller's acceptance of Buyer's order, of any objection to the terms of this Agreement. Buyer's failure to notify Seller of any objection shall conclusively indicate Buyer's assent to and acceptance of all terms and conditions herein. Buyer expressly accepts the terms and conditions herein at the exact moment Seller commences performance on any purchase order requiring or providing for Seller to commence performance prior to Buyer's receipt of Seller's written acknowledgment.

3. Prices

Seller has the right to change, without notice, any prices and/or specifications contained in its catalog or any other writing that does not expressly prohibit such change. Buyer agrees to pay for all samples priced in excess of \$10 on the date of shipment unless otherwise agreed to.

4. Taxes

Any applicable federal, state, local or other government tax or charge on the sale or shipment of the goods covered by this Agreement shall be added to the price and paid by Buyer. Buyer agrees to hold Seller harmless from all such taxes, including interest and penalties thereon, and any costs and expenses in connection thereupon.

5. Shipment, Freight and Delivery

Except as otherwise provided, all prices are F.O.B. Seller's warehouses in Gardena, California.

6. Terms

Except as otherwise provided, payment terms are net thirty (30) days from date of Seller's invoice. A check should arrive at the office of Seller no later than 32 days from Seller's invoice. A late payment charge of one and a half percent (1.5%) per month (but not in excess of the legal maximum) may be added to all past due balances. Buyer is responsible for reason-able attorney's fees, costs and expenses incurred in connection with the collection of past due balances. Buyer shall have no right of set-off. Buyer's cancellation of orders for any items referred to in the catalog is subject to a service charge to cover the costs of initial processing and/or production of the order. Orders for items that are not referred to in the Seller's catalog are not subject to cancellation by Buyer. Orders for an amount of less than \$100 are subject to a service charge of \$20.

7. Financial Responsibility

Shipments and deliveries of all items shall at all times be subject to approval of Seller's Credit Department. Seller at any time may require payment in advance or satisfactory security or guarantee that invoices will be promptly paid when due. Prior to credit approval orders will only be shipped on the basis of payment in advance. Buyer should submit a completed credit application with its initial order to expedite credit approval. In addition to and without limiting Seller's existing rights and remedies, Seller reserves the right to withhold further deliveries and/or terminate this or any other contract with Buyer, if Buyer fails to comply with the terms of this or any other Agreement. Upon Seller's termination of this Agreement, all unpaid amounts Buyer owes Seller shall become immediately due and payable.

8. Buyer's Agreement to Defend

Buyer agrees to defend, protect, and save Seller harmless against all suits at law or in equity and from all costs of suit, legal fees, expenses, damages, claims and demands arising out of or awarded in connection with any goods: (a) sold or supplied to Buyer by Seller that are maintained and operated in accordance with recommended procedures, or (b) sold or supplied to Buyer by Seller to meet Buyer's specifications that are not requirements, or instructions.

Terms of Sale and Shipping (continued)

9. Notice of Accident or Malfunction

Buyer shall notify Seller promptly and in any event within 10 (ten) days of any accident or malfunction involving goods manufactured or sold by Seller. Buyer agrees to protect, defend, and save Seller harmless (as provided in paragraph 8), in the event that Buyer fails to give such notice to Seller and to so cooperate.

10. Warranty

Except as otherwise provided, Seller warrants for a period of one (1) year from the date of shipment that the goods supplied to Buyer shall be of good materials and workmanship. Seller further warrants for a period of one (1) year that the goods supplied by Buyer, when properly installed and used, are fit for the ordinary purpose or purposes indicated in the catalog and will conform to the catalog or to any other specifications supplied by Seller. Seller makes no warranty with respect to the following: (a) materials not manufactured by Seller, the use of which is suggested by Seller's general recommendations, application or installation procedures, or otherwise; (b) goods sold by Seller to Buyer for other than resale; and (c) all display items sold by Seller to Buyer.

11. Limitation of Remedies

Seller's obligations under the above warranties (contained in Section 10) are conditioned upon Seller receiving notice from Buyer of the alleged defect within one (1) year from date of shipment and the allegedly defective goods revealing an actual defect upon examination by Seller. Seller shall not be liable for any labor or other expenses incurred by Buyer in the removal, repair, or replacement of the goods or any component part claimed to be defective, nor shall Seller be liable for any expenses incurred by the Buyer in order to remedy any defect. Seller shall not be liable for any consequential, special, or contingent damages or expenses, arising directly or indirectly from any defect in the goods, or from Buyer's use or inability to use such goods. The discharge of Seller's warranty obligation hereunder shall constitute fulfillment of all liabilities of Seller to Buyer, whether based on contract, negligence, or otherwise. The remedies set forth herein shall be the exclusive remedies available to the Buyer and in lieu of all other remedies, and the liability of Seller, whether in contract, in tort, warranty or otherwise, shall not exceed the price of the goods sold, supplied, or furnished by Seller. Any suit or action arising out of or relating to this Agreement or the breach thereof must be commenced within one (1) year after the cause of action has accrued. The foregoing shall not limit the time within which any suit or action must be brought to collect an amount agreed to be paid by Buyer or to enforce a judgment or to collect any amount awarded to Seller. The sole purpose of the stipulated exclusive remedy shall be to provide Buyer with a credit or replacement for, or repair of, defective parts in the manner provided herein. This exclusive remedy shall not be deemed to have failed of its essential purpose so long as Seller is willing to credit Buyer's account, repair, or replace the defective part(s) in the manner prescribed herein.

12. Shortages

Buyer must make claim for credit due to shortage within ten (10) days of the date of receiving shipment. Any shortage claim not made within this period is conclusively deemed waived by Buyer.

13. Returns

Buyer must receive a Returned Materials Authorization (RMA) prior to returning goods. Buyer must request an RMA within thirty (30) days of the date of the shipment in order to be considered. Seller will not issue an RMA for special order, non-stock, obsolete or made-to-measure goods. All goods returned to Seller must be in the original packaging and in resalable condition and must pass inspection before any credit is issued by Seller.

14. Handling Charges for Returns

Buyer is subject to a handling charge of no less than twenty dollars (\$20.00) and no more than twenty percent (20%) of the sales price of the returned goods. Defective goods, as verified by inspection, are not subject to a handling charge.

15. Damages

Seller is not liable for any damages to goods sustained during shipment. Buyer is responsible for filing any damage claims with freight carriers and is subject to the rules of the freight carriers regarding the timing and processing of claims.

16. Defaults or Delays

Seller shall not be liable for any default or delay in the production or delivery of all or any goods resulting either directly or indirectly from (a) accidents to, breakdowns, or mechanical failure of Seller's plant, machinery, or equipment; strikes or other labor troubles; labor shortages; fire; flood; wars; acts of the public enemy, acts of God; delays of suppliers; delays in transportation or lack of transportation facilities; embargos; shortages of, or reductions in energy sources; priorities, allocations, limitations, restrictions, or other acts required or requested by Federal, state, or local governments, or any subdivision, bureau or agency thereof; or (b) any cause beyond the control of Seller. In no event shall Seller be liable for any consequential, special, or contingent damages arising out of Seller's default or delay in filling Buyer's order.

Terms of Sale and Shipping (continued)

17. Governing Law

Both Buyer and Seller execute all orders with reference to the laws of the State of California and the rights of all parties and the construction and effort of every provision of this Agreement shall be subject to and construed according to the laws of the State of California.

18. Binding Effect

The provisions of any order shall bind and inure to the benefits of Seller and Buyer and their respective successors and permitted assigns. However, neither this Agreement, nor any part thereof or right thereunder, may be assigned by Buyer without the prior written consent of Seller.

19. Waiver

The right of either party to require strict performance by the other party of any or all terms and conditions of this Agreement shall in no way be affected or impaired by prior waiver, forbearance, or course of dealing.

20. Interpretation

Whenever possible, each provision of this Agreement will be interpreted in such a manner as to be effective and valid under applicable law, but if any provision of the Agreement should be prohibited or invalid under appropriate law, that provision will be deemed deleted and the remaining provisions of the Agreement will remain in full force and effect. The subject headings of the section of this Agreement are included for the purpose of convenience only and will not affect construction or interpretation of any of its provisions.
