

MSA-10B

The Micro-Start **CLAMPLESS HARNESSES** was made so that a rider or driver can quickly & easily jump start their vehicle using just their MICRO-START without the need for the jumper-clamps, or having to remove the seat on your motorcycle. It is a 12" (300mm) harness that connects directly to the battery while the other end plugs directly into the Micro-Start's jumpstart port. It adds convenience and saves time if the situation arises when you have to jump start your vehicle. No need to get out your Micro-Start jumper clamps! Simply connect the Micro-Start XP-10 directly to this harness and jump-start your vehicle!

MSRP \$18.99
