

# MICRO-START

**SPORT** JUMP STARTER  
PERSONAL POWER SUPPLY

**ANTIGRAVITY BATTERIES**

The MICRO-START SPORT offers a super sleek and compact design with the amazing ability to start Motorcycles, Cars, and Trucks with up to V6\*\* motor sizes. Additionally, the SPORT offers 7500 mAh of capacity and can charge any USB devices such as Cell Phones, Tablets, GoPro Cameras, Bluetooth Devices, and more. It also has a built-in LED flashlight to assist lighting your way in the dark.

What sets the SPORT model apart is its ability to be charged from any USB charger such as a Computer's USB port, the USB outlet in your car, the USB at an Airport charging station or your existing Phone's charger with a Micro USB tip. This also makes the SPORT's kit very compact since no accessory chargers are needed. The SPORT comes with an ultra-compact carry case and includes all you need to jump-start your vehicles and charge your USB electronics. It's so easy to use: just charge the SPORT once and take safe, portable power wherever your active lifestyle takes you.

\*\* Not intended for large V-Twin Motorcycles or Diesel Vehicles. Please use the XP-10 for Diesel Vehicles up to 7.3 liters \*\*

NYLON CARRY CASE	NYLON CARRY CASE	LEATHERETTE CARRY CASE	LEATHERETTE CARRY CASE	LEATHERETTE CARRY CASE
The SPORT is super sleek & small. It Jump-Starts vehicles with up to V6 motors in size and also charges any USB devices. It comes in our smallest carry case.	The XP-3 easily jump-starts vehicles up to 5.7 liter V8 in motor size. It has 2 USB ports for extra charging capabilities. XP-3 is a little bigger than the SPORT model.	The XP-1 does it all: it easily starts vehicles up to 6L V8 in motor size while having the ability to charge and power 19V Laptop Computers, 12V Devices and any USB Device.	The XP-10 PPS does it all and with authority! It can start Diesel Motors up to 7.3 liters and gas engines with ease. Charge Laptop Computers, 12V Devices and any USB Device.	The new model XP-10-HD is a Heavy Duty Micro-Start perfect for mechanics, fleets and large vehicles. More power. Includes the much larger, unbreakable all-copper Smart Clamps.
